

PigletGro (23/17)

Milk Replacer for Rearing Newborn Piglets & Supplement Sow's Milk
www.GroberNutrition.com

Product Overview

Grober PigletGro milk replacer is designed as a complete milk replacement for optimal early growth in piglets. Specially formulated to meet the nutritional needs when artificially rearing newborn piglets or as a supplement to sow's milk.

Features	Benefits
Increased protein	
Skim milk powder	
Nutritionally balanced	
Machine feeding	Can be used in automatic feeding machines

Piglet Management Tips

- ✓ Milk can be served in an open recipient or through a mechanically operated mother (MOM)
- ✓ Weigh piglets regularly to ensure milk intake is adequate
- ✓ Frequent feeding of small amounts will decrease chances of digestive upset
- ✓ Fresh clean water should be available at all times, positioned close to where the milk replacer is offered
- ✓ Weaning can be achieved when the piglets are consuming a sufficient quantity of pre-starter

Shelf Life and Storage

Store in a cool, dry place up to 1 year from date of manufacture. Store opened bags in a sealable container.

Mixing Directions

1. Weigh 150g of powder per litre of solution using a scale.
2. Mix with 0.5 litre hot water (60°C) for 3 minutes.
3. Add 0.45 litre cool water and mix for 1 minute (total 1 litre).
4. Feed the milk solution at a temperature of 38-40°C (body temperature) (thermometer provides best results).
5. Clean all feeding utensils and equipment after each use.

Feeding Schedule

Age of Piglet	Amount Per Feeding (ml)	Number of Feedings/Day
Day 1 (colostrum)	100	5
Day 2-4 (sow's milk)	100	5
Day 5-7	100	5
Week 2	150	4
Week 3-5	200	4

Package Size
